May 2020

## Public Comment Opportunity

### **DRAFT Hampton Roads 2045 Long-Range Transportation Plan: Title VI/Environmental Justice Candidate Project Evaluation Report**

The Hampton Roads Transportation Planning Organization (HRTPO), the metropolitan planning organization (MPO) for the Hampton Roads area, has developed a draft report detailing the Title VI/Environmental Justice evaluation of candidate projects being considered for inclusion in the 2045 Long-Range Transportation Plan (LRTP). This report is one in a series of reports documenting the development of the 2045 LRTP.

A core function of the HRTPO is to develop and maintain an LRTP. The LRTP is a blueprint for improvements to the Hampton Roads transportation system over a 20-year planning horizon based on the vision and goals of the region. For the past few years, HRTPO staff has been coordinating with regional stakeholders to update the LRTP to the horizon year of 2045.

HRTPO staff has developed the Hampton Roads 2045 Long Range Transportation Plan: Title VI/Environmental Justice Candidate Project Evaluation report to document potential impacts of the 2045 LRTP candidate projects on disadvantaged communities. Click the link below to view a copy of the draft document.

***Hampton Roads 2045 Long Range Transportation Plan: Title VI/Environmental Justice Candidate Project Evaluation***

All interested parties are encouraged to review the draft report and send comments to Steve Lambert at [slambert@hrtpo.org](mailto:slambert@hrtpo.org). The deadline for comments on this draft report is **June 12, 2020**.

***Hampton Roads Special Economics Report-Economic Impacts of COVID-19:The Workforce in Hampton Roads***

From hairdressers to restaurant workers to physical therapists, COVID-19 is impacting the workforce in very different ways. In a new study completed by HRPDC economists, staff evaluates the potential impacts of the widespread business closures on the civilian workforce of Hampton Roads. By reporting the total employees and wages in high-risk industries and the number of employees in close-proximity occupations, staff analyzes the vulnerability of the regional workforce and compares the share of employment considered at risk to national averages.
