Leading Produce

Brand Excellence Award

This award honors a brand that has dominated on store shelves recently. Brands may have a variety of products that are selling out quickly, a creative approach to shelf presence, or have incredible word of mouth purchasing power.

AeroFarms Wins Produce Business's 33rd
Annual Marketing Excellence Awards

"The concept of 'Elevating' the senses through its attractive new look goes a long way to helping retailers capture consumers' attention to the company's great products."

The 2021 Fifth Annual PRODUCE BUSINESS Innovation Award Winners

AeroFarms has expanded its line of leafy greens to include four new microgreens items: Baby Micro Arugula, Micro Broccoli, Micro Kale, and Micro Rainbow Mix.

Whole Foods Market Reveals Top 10 Food Trends for 2022 ULTRAURBAN FARMING

Producers are finding new, boundarypushing ways to grow hyper-local crops and maximize efficiency.

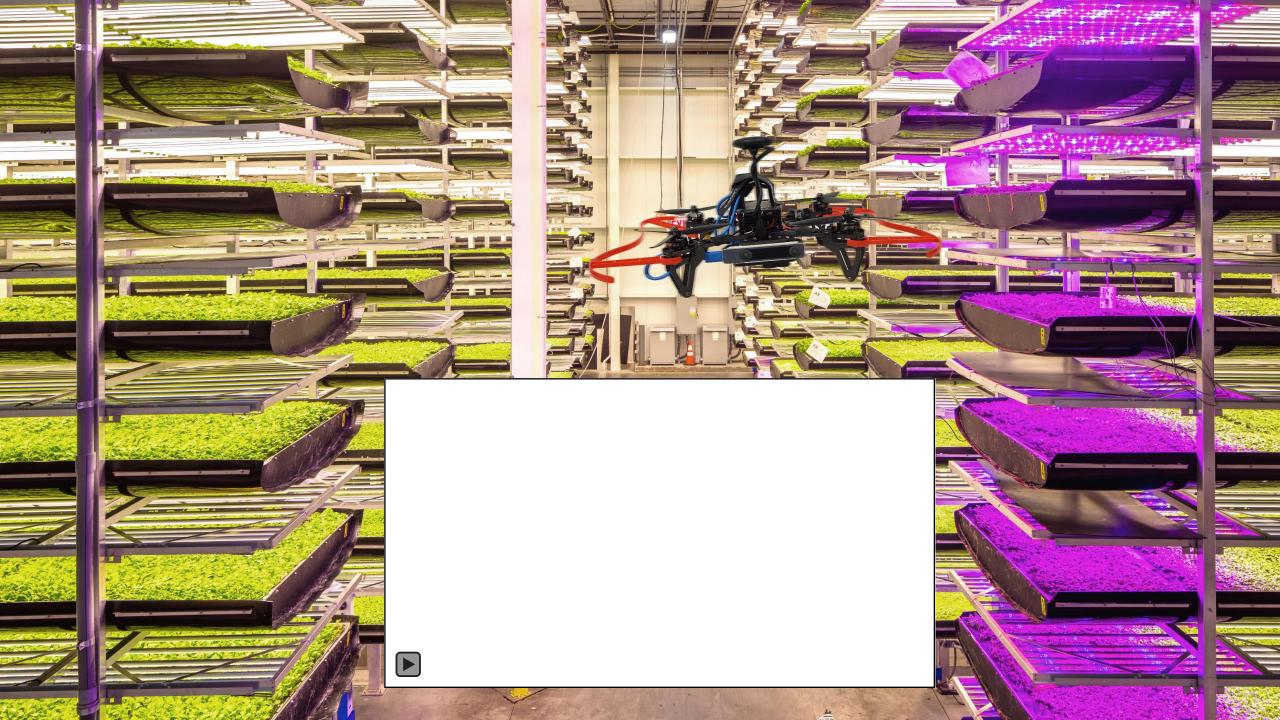

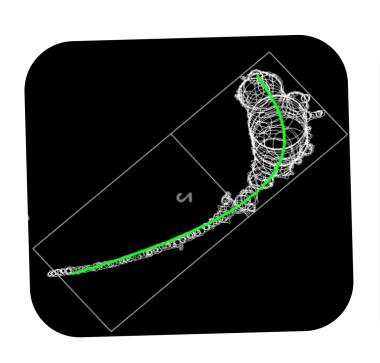

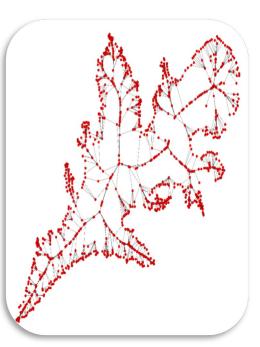

Performing with Unrivaled Sustainability and Productivity

Celebrating Flavor

Celebrating our FlavorSpectrumTM

The FlavorSpectrum™ represents the breadth of flavors and varieties grown by AeroFarms. Across the leafy greens packaging line, each color is paired with a specific tasting note: cool blue colors represent sweet and mellow notes, while intense reds represent bold and zesty flavors.

Celebrating Biodiversity

Flavorful Hops

Celebrate the super-human efforts of our partner
AeroFarms who is fighting climate change by growing hops
indoors with no pesticides using their vertical farming for
elevated resilience and flavor. Our latest Session IPA uses
their hydroponically grown cascade hops. Hail Hydro!

The Future of Farming is Bright

✓ More Sustainable
