

President/Chief Executive Officer Search – Dulles Area Transportation Association

Interested in leading an innovative, small nonprofit organization prominent in the transportation demand management industry, that is located in one of the fastest-growing, vibrant regions in the Nation? If you are outgoing and have a positive, forward-thinking personality, the Dulles Area Transportation Association (DATA) may be a great fit for you! DATA is seeking a motivated and passionate individual to serve as their future President/Chief Executive Officer.

DATA is a dynamic leader in providing mobility solutions for diverse populations and is uniquely situated to play a prominent role in assisting some of the largest Fortune 500 companies in the world. DATA's wide range of services also includes helping elderly, disabled, and underserved populations with reliable transportation solutions to expand and improve their economic, healthcare, and social opportunities.

For more information on the job responsibilities and desired qualifications, [click here](#). Send any questions and/or your cover letter and resume to Doug Pickford at dpickford@datatrans.org (with subject line "President/CEO Search").
