A decorative graphic on the left side of the slide shows a bundle of fiber optic cables. The cables are represented by several vertical lines of varying heights, some with rounded tops, emerging from a dark blue cylindrical sheath that tapers towards the bottom.

# **Southside Network Authority Regional Connectivity Ring**

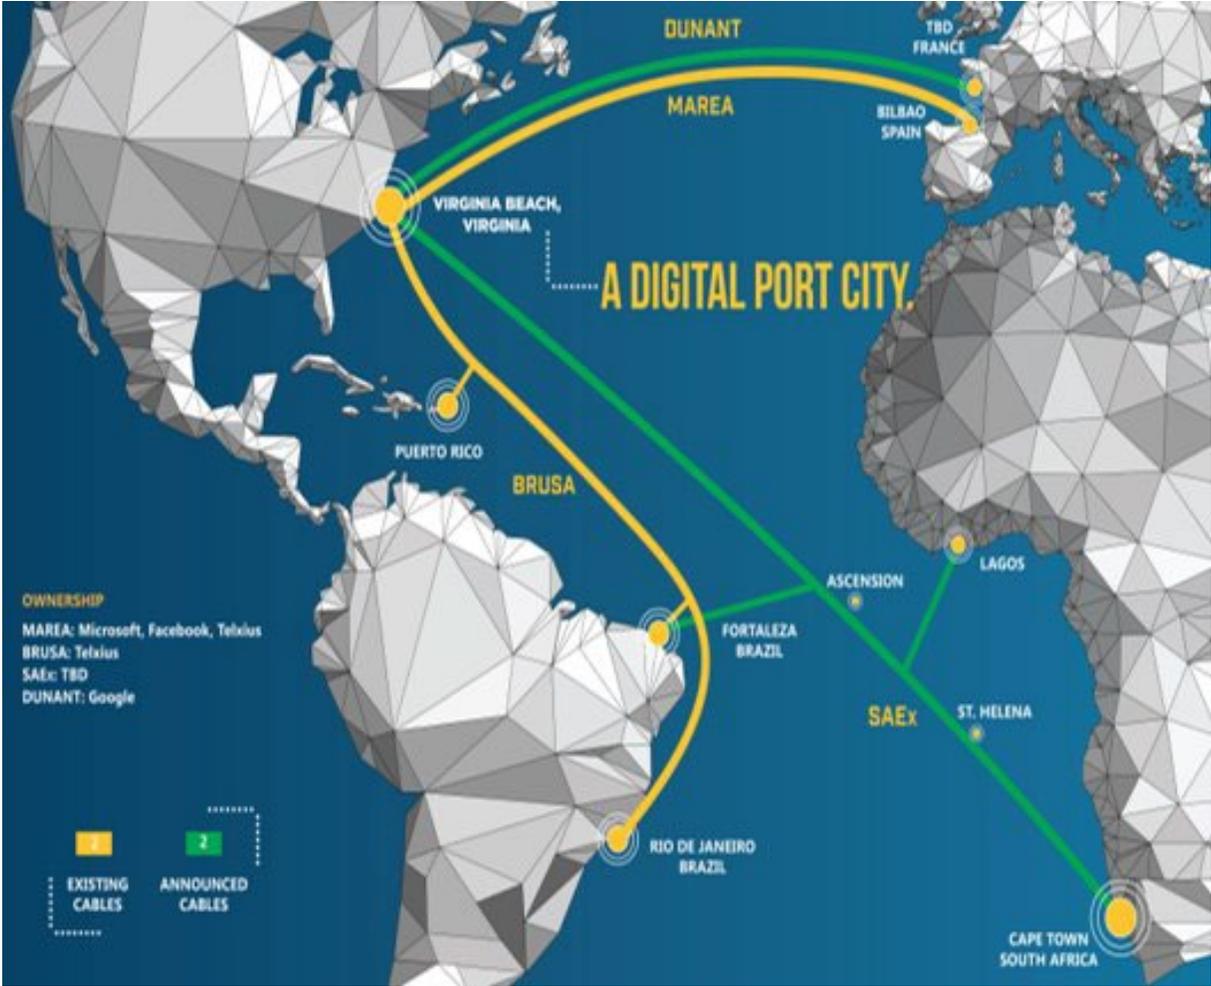

**Virginia Association**

**Planning District Commissions**

**July 27, 2023**

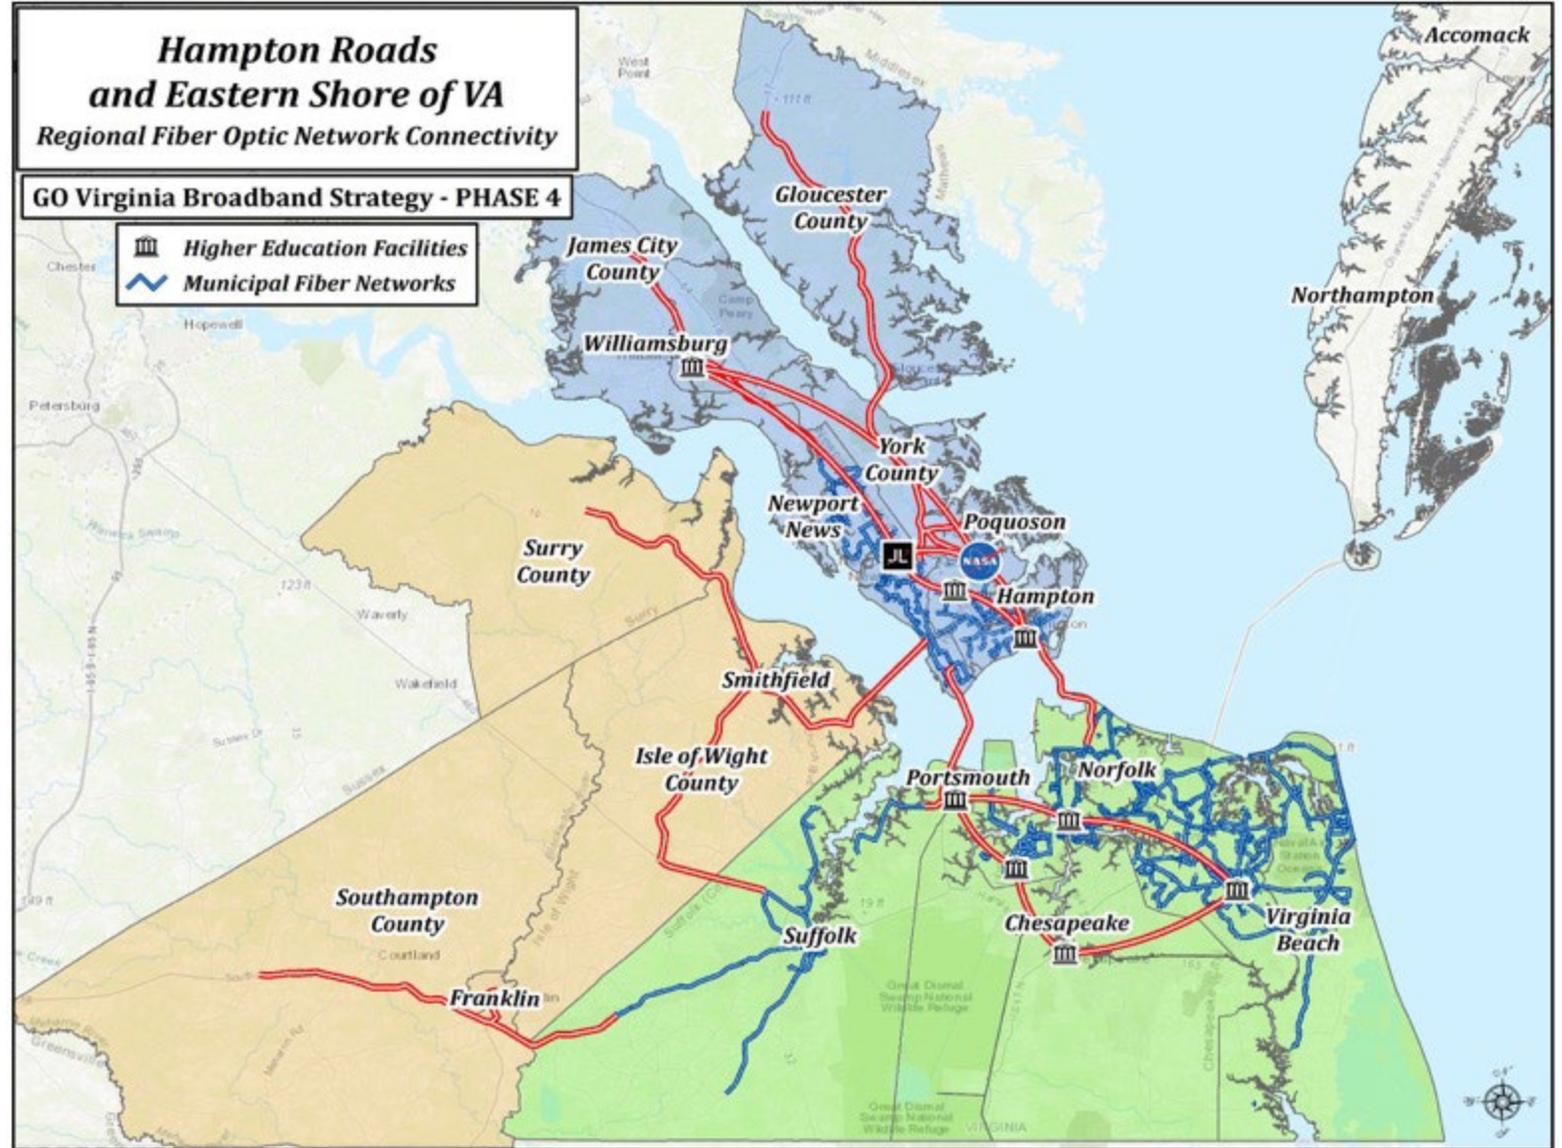

# Subsea Cables

Fastest Internet  
Speeds on East  
Coast

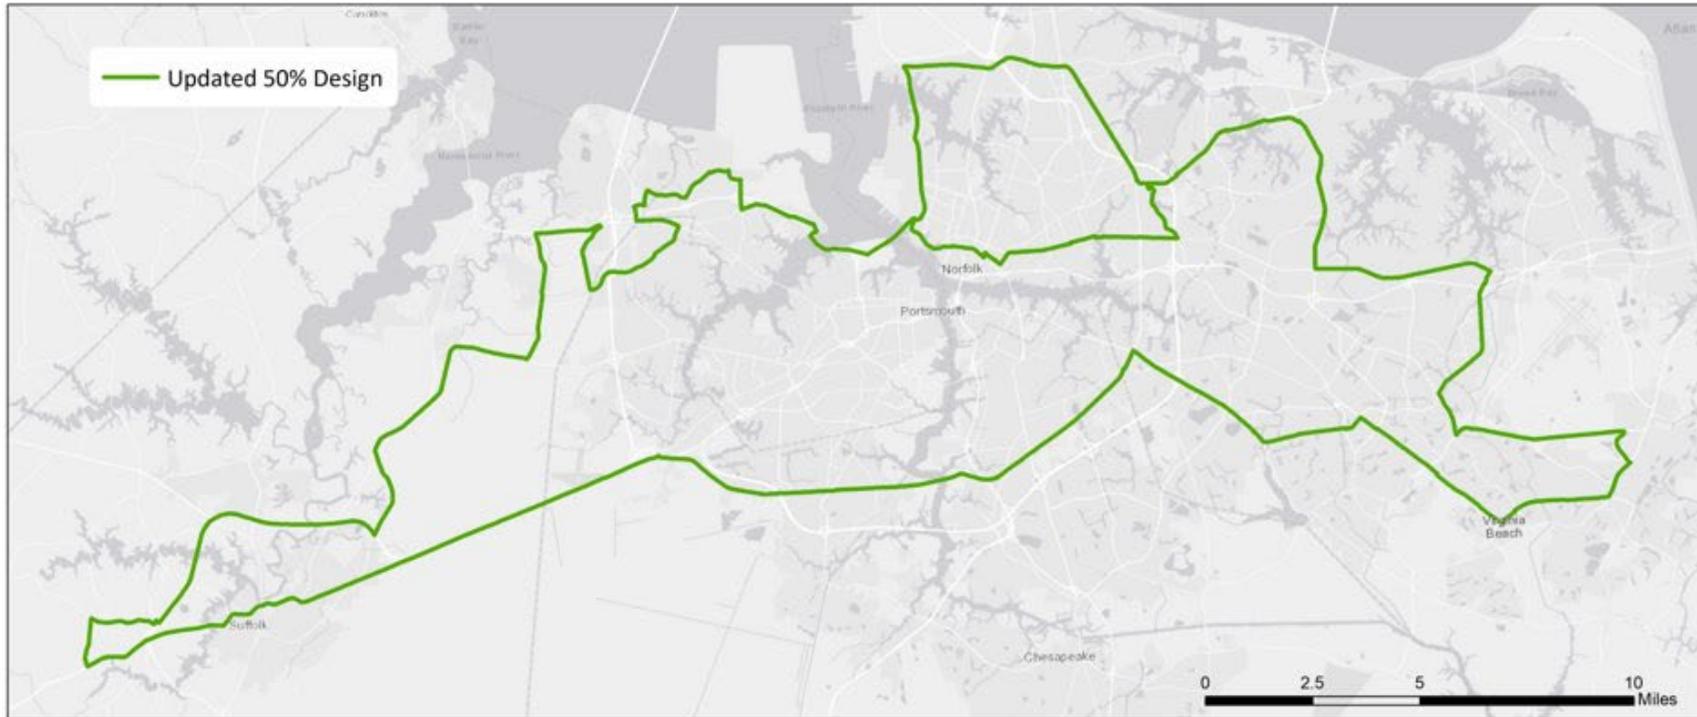

# Our Vision

Ultimately,  
this will be a  
**Fiber Optic  
Network Ring**  
that will connect  
our entire 757  
Region.

# Phase I Southside Fiber Ring

# Our Goal - Smart Region

## Use Technology to Address Our Challenges and Opportunities

- Sea Level Rise/Recurrent Flooding
- Emergency Communications
- Transportation – Managed Lanes
- Autonomous Vehicles
- Remote Learning
- High Tech Companies
- Teleworking
- Job Creation
- Public Safety
- College/University Research
- Center for Innovation
- Technology Ecosystem

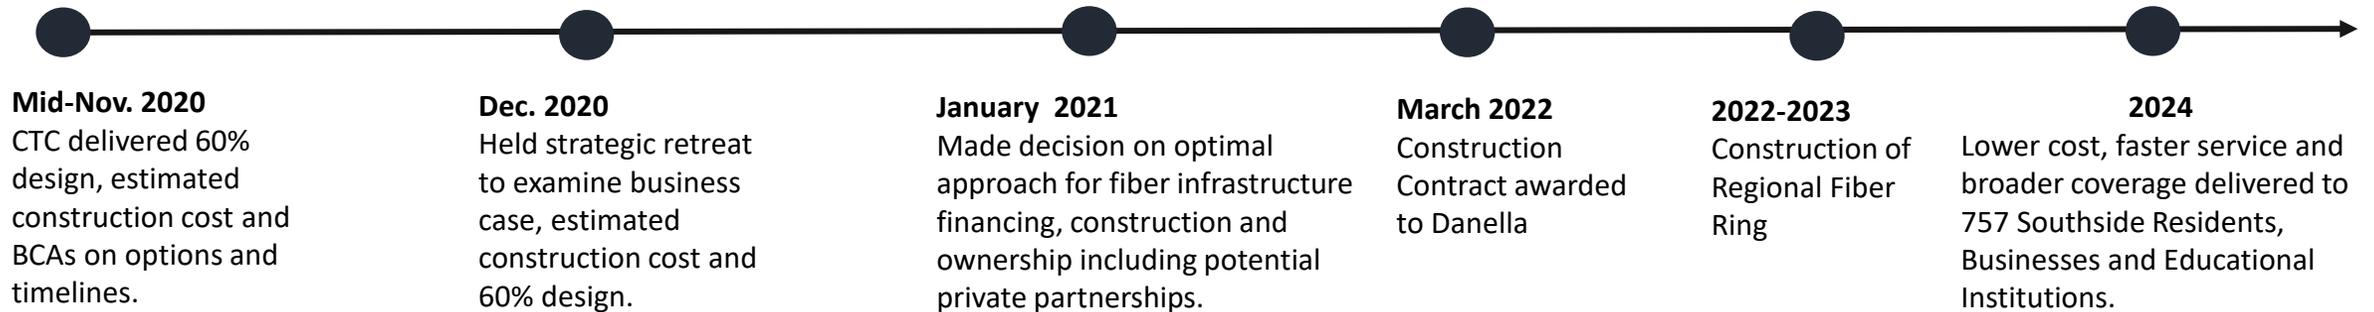

# Our 5-Year Pathway to Lower Cost, Faster Service and Expanded Broadband Coverage for 757 Southside Residents, Businesses and Educational Institutions

## Major Milestones

## Major Milestones

The Regional Network Ring Will  
**Improve the Interoperability of Our Region's  
Emergency Response System**

EOC and 911 Center

The Regional Network Ring Will

# Help The Region Navigate Flooding and Sea Level Rise

Improving Real Time Response

sensors every where

TITAN:  
Tidal inundation tracking application – storm surge tracking

STORM SENSE  
Weather Event Analysis, Maps

Water Level Monitoring System(WLMS)

The Regional Network Ring Will  
**Help Support the Future  
of Autonomous Vehicles**

The Regional Network Ring Will

# Help Make a Case For BRAC.

BRAC will return in three to four years. The Navy wants 30% of their local workforce to telework. Regions that can support this goal will have a stronger case to make when BRAC reappears.

An aerial photograph of a city, likely Seattle, showing a dense urban area with various buildings and a large body of water (Puget Sound) to the right. In the foreground, a large white tent is visible on a grassy area. The image is overlaid with blue semi-transparent shapes containing text.

The Regional Network Ring Will

# Help Each Jurisdiction Achieve Its Vision

Every jurisdiction can use the Network Ring in a way that helps them advance their own priorities, initiatives and vision.

The Regional Network Ring Will

# Support Growing Industries in the 757

- Financial Services: High Frequency Trading
- Data Transfer & Storage: Microsoft / Facebook / Amazon
- Cybersecurity Industry: An immediate need for 17,000 more cyber security professionals in Virginia alone
- Medical/Bioscience & Health Industries: Data analytics are key to driving down cost while improving care
- Ecosystem for Business Investment and Entrepreneurs: Backbone connectivity at speeds of 10Gbps and beyond

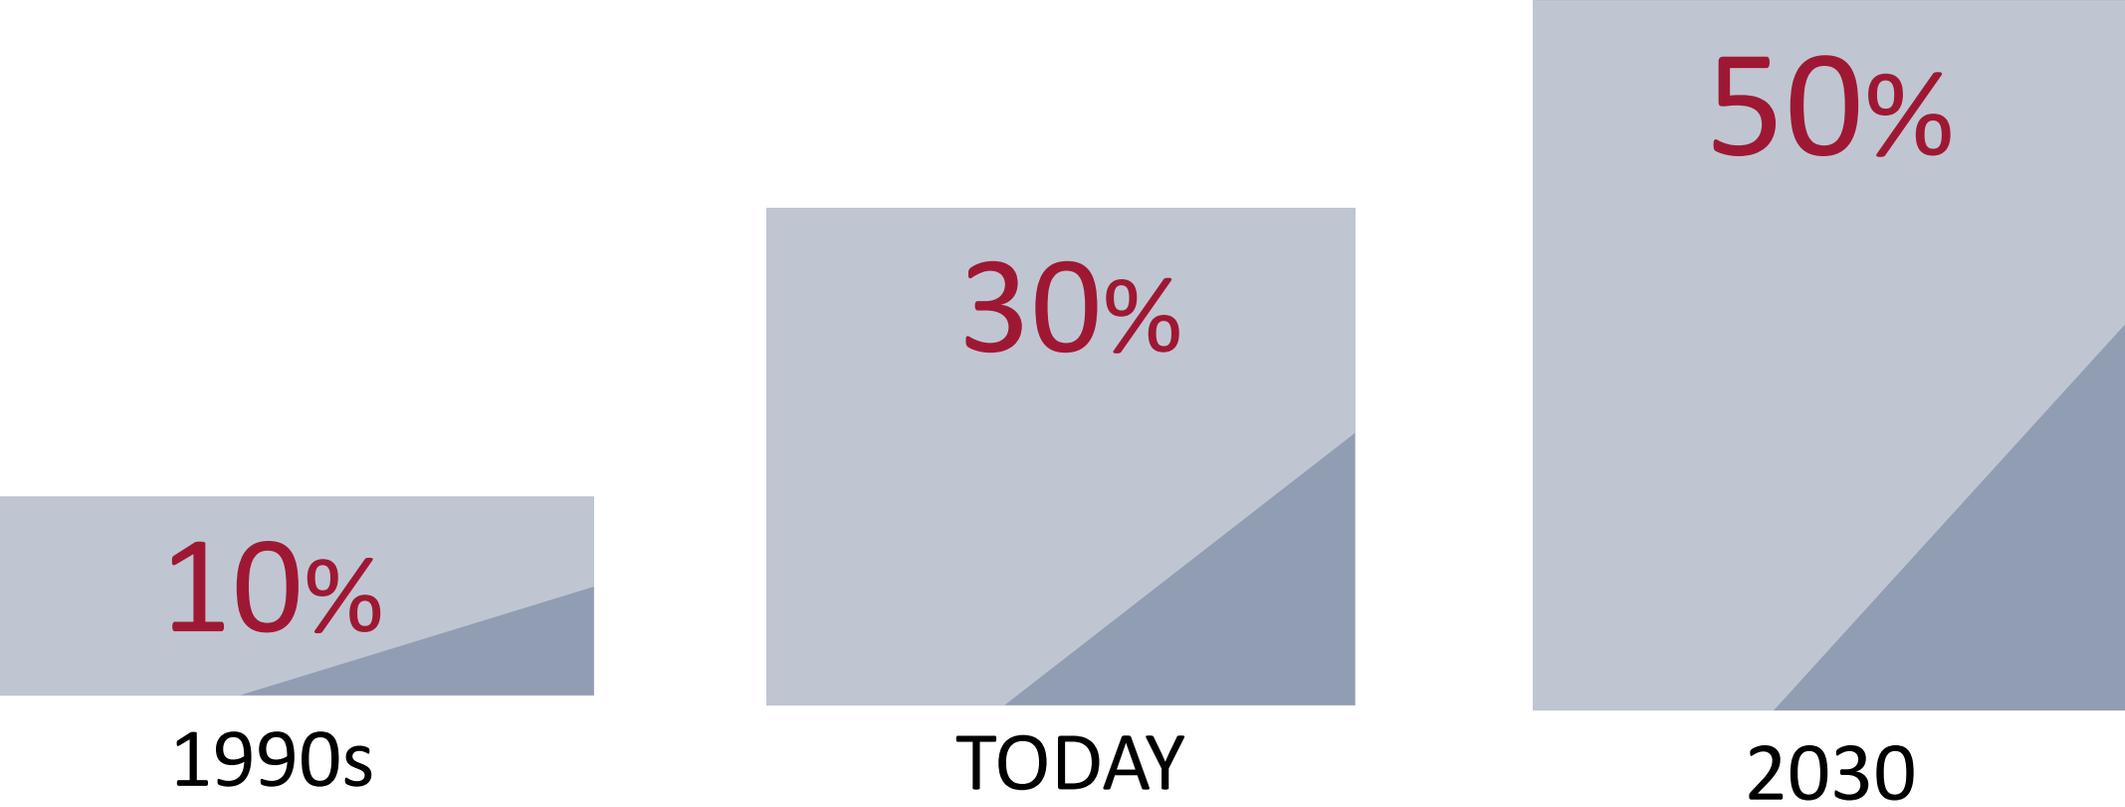

**Our Region's Quality  
of Life Will Attract  
Remote Workers...**

**Our Regional Network  
Ring Will Support  
Them.**

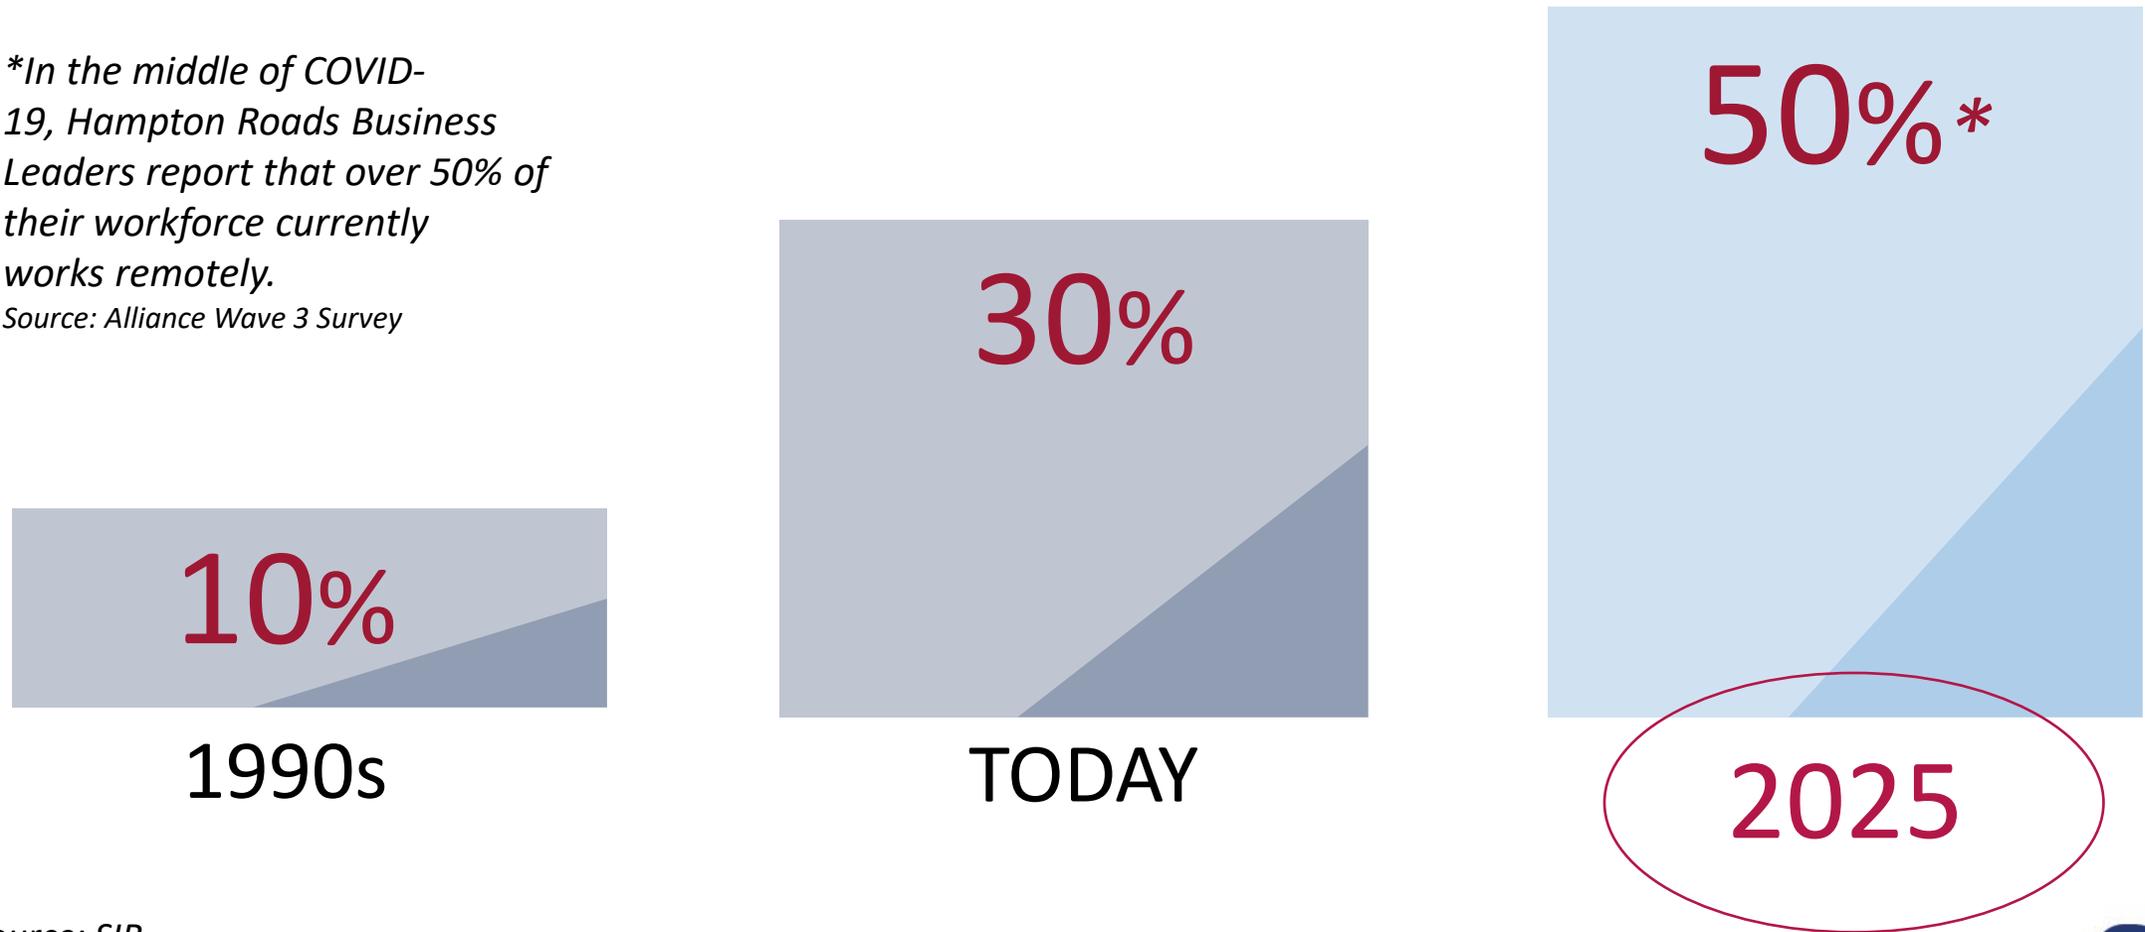

# Pre-COVID-19, the Distributed Workforce Was Growing and Projected to Be 50% By 2030

Source: SIR

# COVID-19 Impact: The Distributed Workforce Is Projected to Reach 50% By 2025

*\*In the middle of COVID-19, Hampton Roads Business Leaders report that over 50% of their workforce currently works remotely.  
Source: Alliance Wave 3 Survey*

Source: SIR

# On-going Project Actions

- Permitting and construction underway
- Working with multiple stakeholders (VDOT, DHCD, USACE, DEQ, RRs, etc.)
- Public Private Education Facilities and Infrastructure Act (PPEA) Negotiations with Global Technical Systems

# Spring/Summer 2022

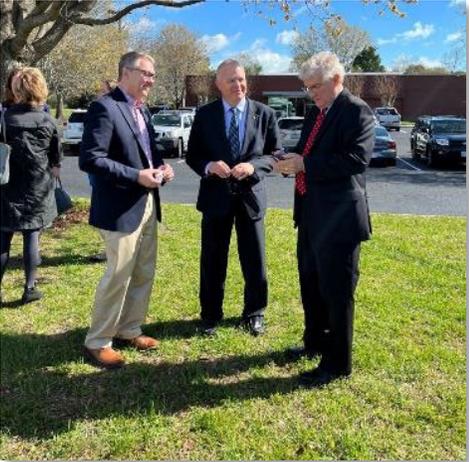

- 3 Groundbreakings
- Over 3,000 linear miles of fiber under construction

# Fiber Ring Groundbreaking

April 6, 2022

# Suffolk, Isle of Wight, Southampton

## July 14, 2022

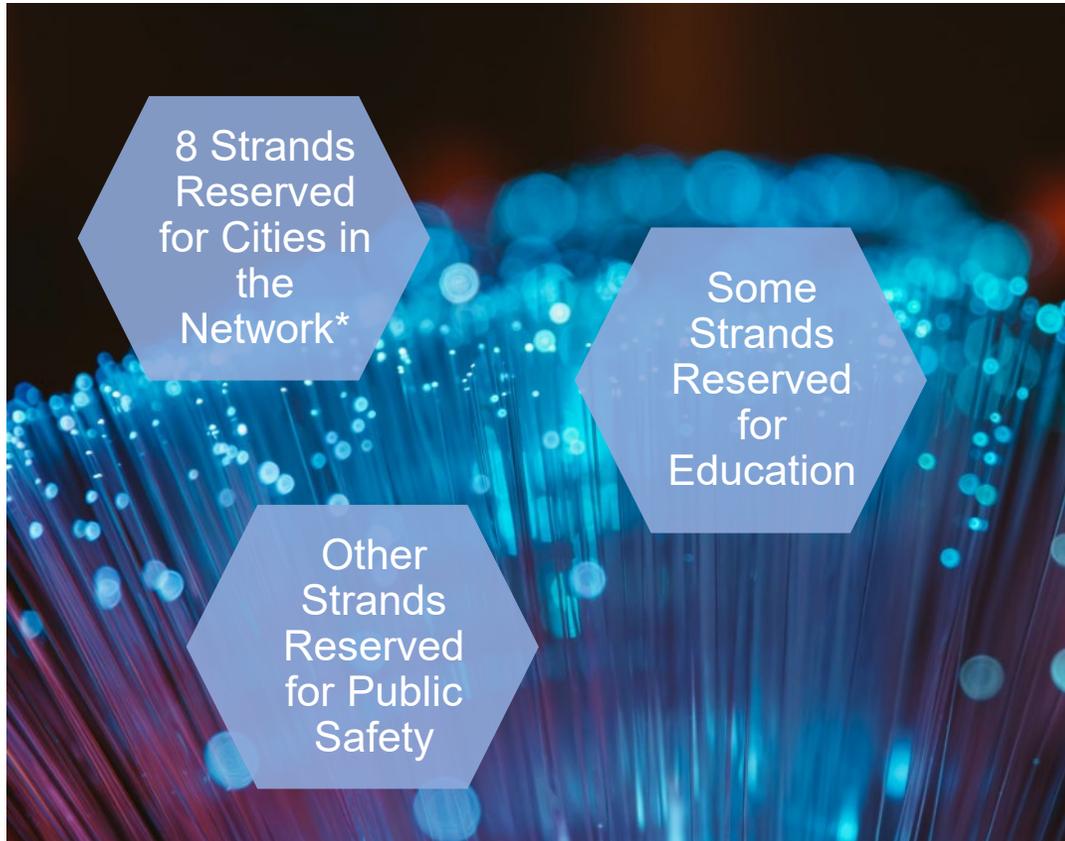

# Chesapeake Connects

September 15, 2022

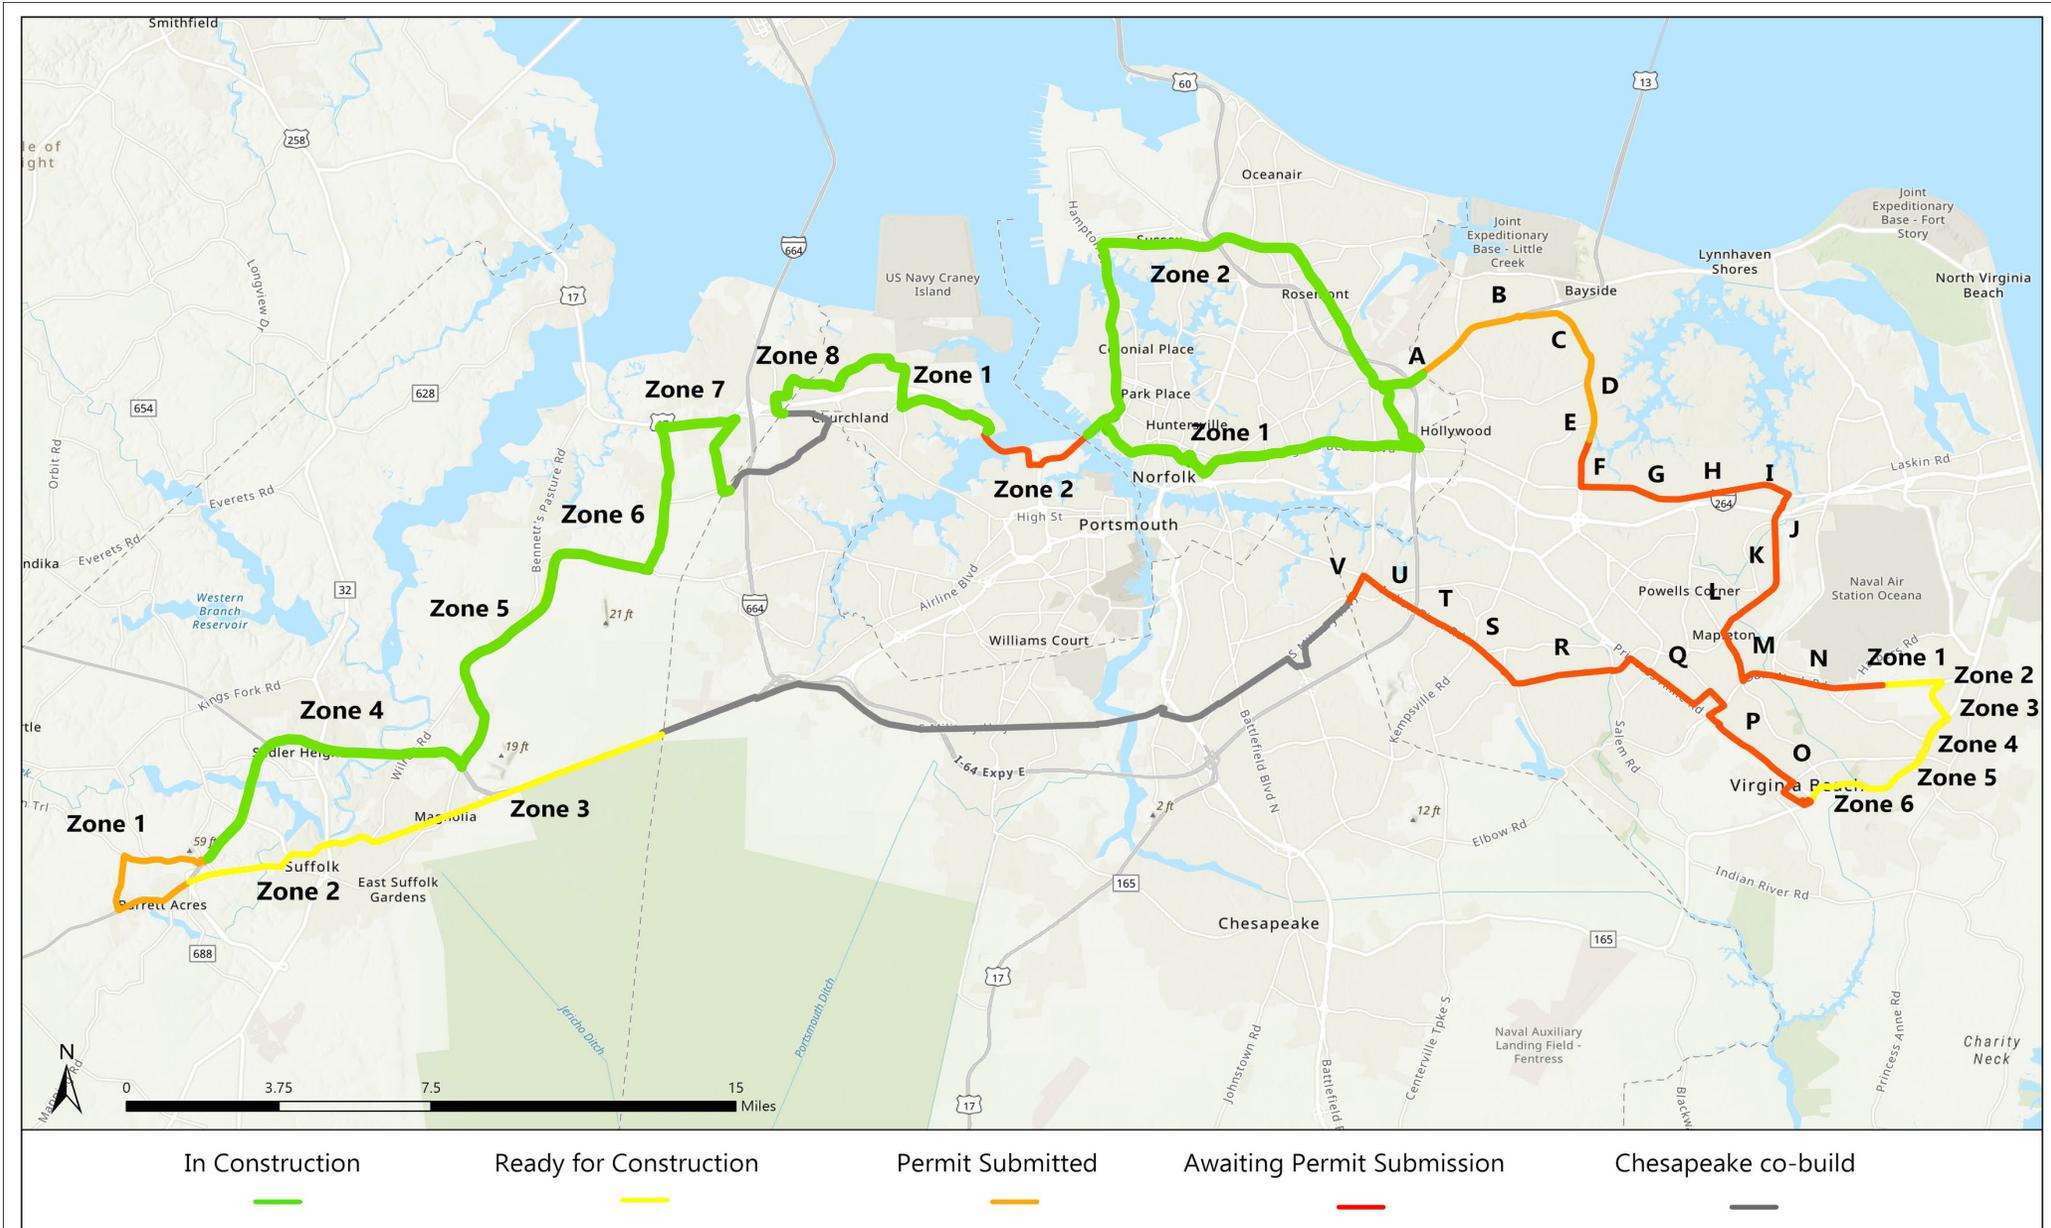

# About the Network

- Our digital highway consists of 288 digital strands
- Fiber optics (optical fibers) are long, thin strands of very pure glass about the diameter of a human hair

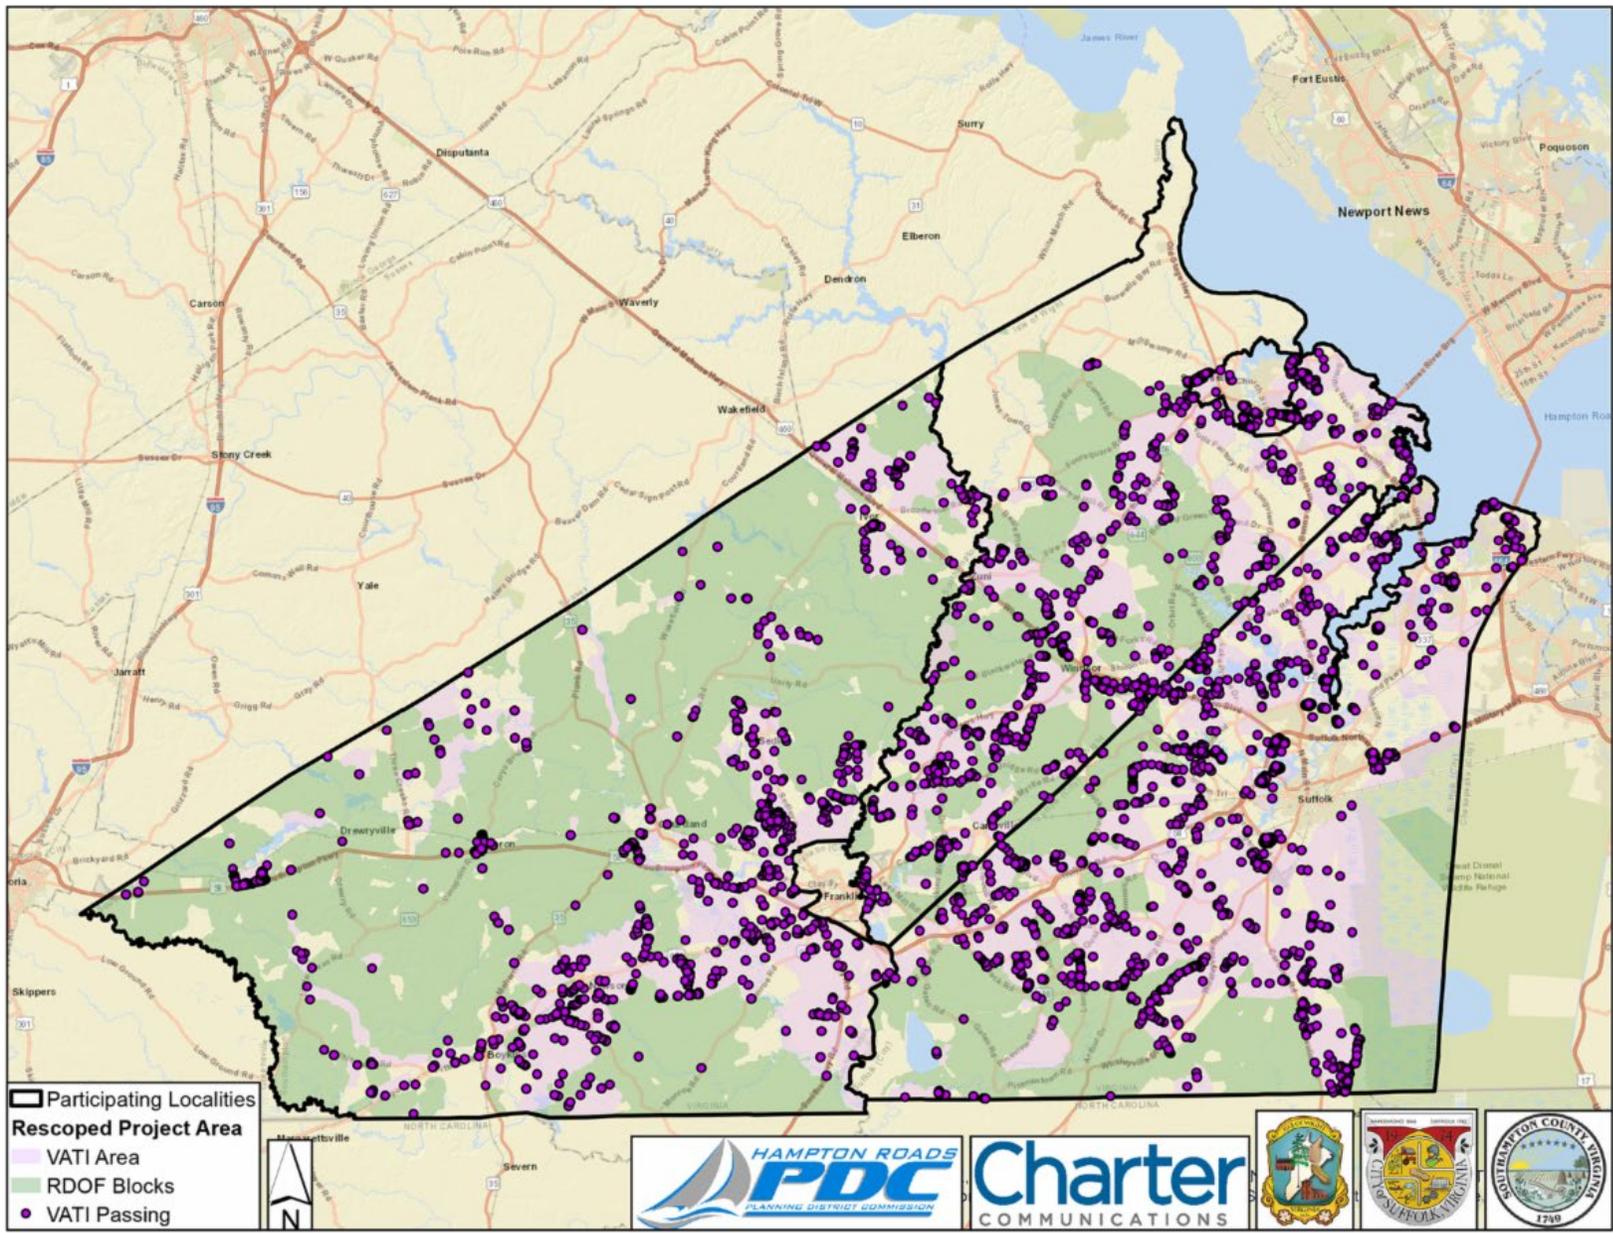

# Permit Zones and Status
